BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 226268 §
issued to JAIMIE LYNN DEEN § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the considered the matter of JAIMIE LYNN DEEN, Vocational Nurse License Number 226268, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on December 10, 2010, by Katherine A. Thomas, MN, RN, Executive Director.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Galen Health Institute, San Antonio, Texas, on November 6, 2009. Respondent was licensed to practice vocational nursing in the State of Texas on January 19, 2010.
5. Respondent's nursing employment history includes:

2/2010-10/2010	LVN	Laurel Ridge Treatment Center San Antonio, Texas
11/2010-Present	Unknown	

6. At the time of the incident, Respondent was employed as a LVN with Laurel Ridge Treatment Center, San Antonio, Texas, and had been in this position for six (6) months.
7. On or about August 1, 2010, through October 27, 2010, while employed with Laurel Ridge Treatment Center, San Antonio, Texas, Respondent posted information on her Facebook profile regarding the diagnosis, behavior, and distinguishing characteristics of patients in her care. Respondent's Facebook postings included inappropriate comments regarding patients as well as information related to the location of her employment. Respondent's conduct exposed the patients unnecessarily to a risk of harm from disclosure of their confidential medical information without their written authorization.
8. In response to the incident in Findings of Fact Number Seven (7), Respondent states she didn't feel she was violating patient confidentiality when she posted, on her Facebook profile, information about her patients because she didn't use their names. Respondent states she now realizes that using distinguishing characteristics, circumstances and/or locations can as easily be identifiers.
