BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse	§	AGREED
License Number 692970 and	§	
Vocational Nurse	§	
License Number 146829	§	
issued to ANGELA PEARSON ROBINSON	§	ORDER

An investigation by the Texas Board of Nursing, hereinafter referred to as the Board, produced evidence indicating that ANGELA PEARSON ROBINSON, hereinafter referred to as Respondent, Registered Nurse License Number 692970, and Vocational Nurse License Number 146829, may have violated Section 301.452(b)(10)&(13), Texas Occupations Code.

An informal conference was held on October 26, 2010, at the office of the Texas Board of Nursing, in accordance with Section 301.464 of the Texas Occupations Code.

Respondent appeared in person. Respondent was notified of her right to be represented by legal counsel and elected to waive representation by counsel. In attendance were Mary Beth Thomas, PhD, RN, Director, Nursing Division, Executive Director's Designee; Kyle Hensley, Assistant General Counsel; Anthony L. Diggs, MSCJ, Director, Enforcement Division; and Jennifer Ellis, RN, Investigator.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, notice and hearing, and consented to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas. Respondent's license to practice vocational nursing in the State of Texas is currently in inactive status.

4. Respondent received a Certificate in Vocational Nursing from Cisco Junior College, Abilene, Texas, on January 14, 1994, and received an Associate Degree in Nursing from Cisco Junior College, Abilene, Texas, on December 1, 2002. Respondent was licensed to practice vocational nursing in the State of Texas on May 24, 1994, and was licensed to practice professional nursing in the State of Texas on January 28, 2003.

5. Respondent's nursing employment history includes:

05/1994 - 2000		Unknown
2001 - 2003	Staff LVN & RN	Abilene Regional Medical Center Abilene, Texas
2003 - 06/2007	Staff RN	Hendrick Medical Center Abilene, Texas
07/2007 - 08/2008	RN II	University Medical Center at Brackenridge Austin, Texas
09/2008 - Present	RN	Abilene Regional Medical Center Abilene, Texas

6. At the time of the incidents, Respondent was employed as a RN II in the Emergency Department (ED) with University Medical Center at Brackenridge, Austin, Texas, and had been in this position for seven (7) months.

7. On or about February 15, 2008, through February 16, 2008, while employed with Seton Family of Hospitals, Austin, Texas, and working in the ED at University Medical Center at Brackenridge, Austin, Texas, Respondent delegated to an ED Technician the task of performing an in and out catheterization of Patient TH in order to obtain a urine sample without a physician's order. When the patient refused the procedure, Respondent authorized the use of restraint to complete the procedure, resulting in seven (7) people restraining him to perform the procedure. Respondent's conduct created an unsafe environment and unnecessarily exposed the patient to risk of injury and emotional distress.

8. On or about February 16, 2008, while employed with Seton Family of Hospitals, Austin, Texas, and working in the E D at University Medical Center at Brackenridge, Austin, Texas, Respondent inappropriately moved the head and neck of Patient NG, who had been in a motor vehicle accident and had not had his head and neck cleared for movement by the radiologist, as required by the facility's protocol. Respondent's conduct unnecessarily exposed the patient to risk of injury.

9. In response to the incidents in Findings of Fact Numbers Seven (7) and Eight (8), Respondent states, regarding the catheterization, that she "had witnessed this same situation

in the past and did not think there would be an issue doing the catheterization.” Regarding moving the patient’s head and neck, Respondent states it was her “knee jerk reflex” to jostle the patient after he became unresponsive. Respondent indicates she again moved the patient’s head and neck after being startled by the ED Technician while she tried to hold pressure on the scalp laceration and get a more stable hold on the patient’s head. Respondent states she has worked without incident since 2008 in the Cardiovascular Department at Abilene Regional Medical Center, Abilene, Texas. Respondent provided a copy of her Annual Evaluation, dated April 15, 2010, in which she received excellent scores in all areas of performance.
