| issued to PEGGY JEAN DYER         | § | ORDER  |

On this day the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, considered the matter of PEGGY JEAN DYER, Vocational Nurse License Number 56977, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9), (10) and (12), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Nursing from Johnson County School of Vocational Nursing, Cleburne, Texas, in September 1972. Respondent was licensed to practice vocational nursing in the State of Texas on July 19, 1973.

5. Respondent's vocational nursing employment history includes:

|                 |         |  |

| 1973 - 1983     | Unknown |  |

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Harris Methodist Erath County Hospital, Stephenville, Texas, and had been in this position for one (1) year and seven (7) months.
7. On or about October 2, 2005, while employed with Harris Methodist Erath County Hospital, Stephenville, Texas, Respondent may have lacked fitness to practice vocational nursing in that she exhibited behavioral changes and impaired behavior while on duty. Respondent's conduct could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
8. On or about October 3, 2005, while employed with the aforementioned facility, Respondent engaged in the intemperate use of Morphine in that she produced a specimen for a drug screen which resulted positive for Morphine. The use of Morphine by a Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.

9. Respondent states she had sustained a fall three (3) weeks prior and struck her face. On the evening of October 2, 2005, she was experiencing Temporo-Mandibular Joint (TMJ) pain as a result from the fall. She ate dinner and went to bed. Respondent awoke about 4:00 am the next morning in severe pain. Her husband, who has cancer, found a MS Contin tablet in his shaving kit, and since Respondent was not assigned to be on duty for the next twelve (12) days, took the tablet and went back to bed.
10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

#### CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(9), (10) and (12), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(5) and (10)(A).
4.
