

Respondent's nursing employment history includes:

08/2008 - 07/2009	Staff Relief Nurse	Reliant Rehabilitation Hospital Richardson, Texas
Unknown	Staff Relief Nurse	Twin Creek Rehabilitation Center Allen, Texas

6. At the time of the incident, Respondent was employed as a Staff Relief Nurse with Medical Center of McKinney, McKinney, Texas, and had been in this position for three (3) years and four (4) months.
7. On or about August 12, 2009, while employed as a Staff Relief Nurse with Medical Center of McKinney, McKinney, Texas, Respondent falsely documented a physician's order in the medical record of Patient Number Q00042264028 to "hold Lovenox and Aspirin" without consulting the physician. The physician subsequently wrote in the patient's medical record, "I did not give this order. If I'd wanted the aspirin stopped, I'd have written it when I wrote to hold the Lovenox." Respondent's conduct was deceptive, resulted in an inaccurate medical record, and may have harmed the patient from non-efficacious treatment.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that the patient was scheduled to have surgery in the morning so when she reviewed the patient's chart and noticed that the patient was on both Lovenox and Aspirin, she called the physician to clarify the order and to stop both the Lovenox and Aspirin. Respondent states that the physician did not follow protocol, failed to sign off his order until two months after the surgery was performed, then claimed that he couldn't remember giving the order to hold the patient's Lovenox and Aspirin preoperatively. Respondent also contends that if the physician could not remember his order from two (2) months ago, neither could she, that she had taken care of many patients since the incident and had received hundreds of physician's orders. According to Respondent, the telephone operator occasionally paged the wrong doctor for her because of her thick accent, that her name could have been misspelled, or the operator may have forgotten to write down the call in the log.
