Agreed Order dated January 22, 2009.

D/2010.12.28

5. Respondent's vocational nursing employment history includes:

1997 - 2004	GVN ER Nurse/ Med/Surg Nurse/ Charge Nurse	Scenic Mountain Medical Center Big Springs, Texas
2004 - present	Charge Nurse	Lamun Lusk Sanchez Texas State Veterans Home Big Spring, Texas

6. On April 26, 2006, Respondent was issued an Agreed Order by the Board of Nurse Examiners for the State of Texas which required her to participate in and successfully complete the Texas Peer Assistance Program for Nurses (TPAPN). A copy of the April 26, 2006, Agreed Order, Findings of Fact, and Conclusions of Law is attached and incorporated, by reference, as part of this Order.

7. On or about October 19, 2006, while employed with Lamun Lusk Sanchez Texas State Veteran's Home, Big Spring, Texas, Respondent engaged in the intemperate use of Hydrocodone in that she submitted a specimen for a drug screen which resulted positive for Hydrocodone. Possession of Hydrocodone without a valid prescription is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of Hydrocodone by a Licensed Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.

8. On or about October 19, 2006, while employed with Lamun Lusk Sanchez Texas State Veterans Home, Big Spring, Texas, Respondent failed to comply with the Agreed Order issued to her on April 26, 2006. Noncompliance is the result of her failure to comply with all requirements of the TPAPN contract in that she submitted a specimen for a drug screen which resulted positive for Hydrocodone. Stipulation Number Three (3) of the Order dated April 26, 2006, states:

"RESPONDENT SHALL comply with all requirements of the TPAPN contract during its term."

9. Respondent admits that she failed to make the disclosure regarding the Hydrocodone that she had taken, but the medication that she had taken was hers and was in her possession pursuant to a valid prescription. In the months prior to October, Respondent had been having recurring tooth pain and had been to the dentist a number of times. Based on the amount of pain that she was experiencing, the dentist prescribed her Hydrocodone,

which she took periodically for pain. On Saturday, October 14, 2006, Respondent states that she took one of the Hydrocodone from her previous prescription for relief. Respondent recognizes that the big mistake that she made was failure to disclose the consumption of the prescription medication prior to the drug screen. Since this incident, Respondent has stopped taking the Hydrocodone.

10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
