BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 212081 §
issued to LUVY NAJARRO § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of LUVY NAJARRO, Vocational Nurse License Number 212081, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on February 5, 2011, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Summit Career College, Colton, California, on August 28, 2000. Respondent was licensed to practice vocational nursing in the State of California on December 29, 2000, and was licensed to practice vocational nursing in the State of Texas on September 20, 2007.
5. Respondent's nursing employment history includes:

12/2000 - 12/2006	Staff Nurse	Redlands Community Hospital Redlands, California
-------------------	-------------	---

Respondent's nursing employment history continued:

1/2007 - 6/2007	Unknown	
7/2007 - 12/2009	Staff Nurse	Medical Center of Arlington Arlington, Texas
1/2010 - Present	Unknown	

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Medical Center of Arlington, Arlington, Texas, and had been in this position for two (2) years and five (5) months.
7. On or about December 6, 2009, while employed as a Staff Nurse with Medical Center of Arlington, Arlington, Texas, Respondent failed to adequately assess the respiratory status of Patient Number 1000650315 after the patient did not respond when she shook him. Instead of listening for breath sounds, Respondent assessed the patient by placing her hand on his chest, noting that his skin was still warm. Respondent then checked her notes, mistakenly determining that the patient was not to be resuscitated because she looked at the wrong patient's information. Consequently, Respondent did not initiate emergency resuscitation and notified the physician that the patient was deceased. It was not until Respondent reviewed the medical record that she realized that the patient did not have an order to withhold resuscitation. Respondent's conduct may have contributed to the patient's demise.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that she was dealing with a patient who had left against medical advice and who had just returned through the emergency room when the care giver of Patient Number 1000650315 told her that the patient was not responding. According to Respondent, the patient did not respond when she shook him and his skin was warm but cooling off at that time. Respondent states that she saw "DNR" (Do Not Resuscitate) on her paper, without realizing it was for another patient, so she went to get the blood pressure machine and call the physician. When she returned to the room, the patient was "gone" because he looked very pale, so Respondent called the Charge Nurse to the room. When the Charge Nurse asked about the patient's code status, Respondent indicates she told her "DNR" and the patient's care giver confirmed this. After the physician was notified and she checked the medical record, Respondent realized that the patient was probably a full code. Respondent further states that, after the facility investigated the incident, the physician posted a note on the medical record indicating that the patient had requested multiple times to not be resuscitated.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(A),(1)(B),(1)(M)&(2)(A) and 217.12(1)(A),(1)(B)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 212081, heretofore issued to LUVY NAJARRO, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
