Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 596928 §
issued to GINA RACHELLE SMITH § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of GINA RACHELLE SMITH, Registered Nurse License Number 596928, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9)&(10), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on February 8, 2011, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Trinity Valley Community College, Kaufman, Texas. Respondent was licensed to practice professional nursing in the State of Texas on September 22, 1993.
5. Respondent's complete professional nursing employment history is unknown.
6. At the time of the incident described in Finding of Fact Number Seven (7), Respondent was employed as a Registered Nurse with Maxim Healthcare Services, Ft. Worth, Texas.

7. On or about January 14, 2009 while employed as a Registered Nurse with Maxim Healthcare Services, Ft. Worth, Texas, Respondent engaged in the intemperate use of Cocaine, in that she produced a positive urine drug screen for Cocaine during a random UDS test wherein Respondent's urine contained 65,236 ng/ml of Cocaine Metabolites. Possession of Cocaine is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of Cocaine by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
8. In response to Finding of Fact Number Seven (7), Respondent states that she was suffering from severe canker sores in her mouth and used viscous lidocaine as a mouthwash to ease the pain. Respondent states she informed her employer of this medication and other medications she was taking at the time of the screen. Respondent states that she has subsequently learned that viscous lidocaine can cause a false positive result for cocaine on drug screens. Respondent states she was not working at the time and she was not on the schedule to work.
9. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
10. Charges were filed on October 6, 2010.
11. First Amended Formal Charges were mailed to Respondent on January 13, 2011.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(9)&(10), Texas Occupations Code and 22 TEX. ADMIN. CODE §217.12(4),(5)&(10)(A),(D)&(11)(B).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 596928, heretofore issued to GINA RACHELLE SMITH, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
