

Respondent's vocational nursing employment history continued:

3/2005 - 1/2009      LVN      Tomball Regional Hospital  
Tomball, Texas

2/2009 - Present      Unknown

6. At the time of the initial incident, Respondent was employed as a Licensed Vocational Nurse with Tomball Regional Hospital, Tomball, Texas, and had been in this position for three (3) years and ten (10) months.
7. On or about January 22, 2009, while employed with Tomball Regional Hospital, Tomball, Texas, Respondent engaged in the intemperate use of Marijuana in that she admitted to such intemperate use. She refused to submit a specimen for a random drug screen which she stated would have resulted positive for Marijuana. Possession of Marijuana is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of Marijuana by a Licensed Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
8. Respondent admits to the conduct outlined in Finding of Fact Number Seven (7). Respondent states that she contacted the Texas Peer Assistance Program for Nurses (TPAPN) at the instruction of her employer. She states that after one and a half years of TPAPN she became frustrated from being unable to find a job and quit TPAPN. Respondent states "I personally believe I have gone through enough personal shame and humility and I will not (not even for a job in nursing) further emotionally do this to myself. I try to stay positive and not beat myself down." Respondent adds that she has never lost a job and does not believe that she should be compared to a heroin, crack, or cocaine addict or someone who stole medications from the pyxis at work because she made a mistake. She states "Again, I am a good nurse and I will no longer be told by the nursing board or tpapn that I am a bad person. I guess I should take up drinking alcohol. After all, one can go out the night before and get drunk and return to work as a nurse the next day and that is very legal. Go figure." Additionally, on September 10, 2010, Respondent made a telephonic statement to Board Staff indicating that she was not clean at that time.
9. Formal Charges were filed on July 14, 2010.
10. Formal Charges were mailed to Respondent on July 14, 2010.
11. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
