 - 7.12. Letter of support, dated February 23, 2010, from Glen Fanning, Baton Rouge, Louisiana, states he is writing on behalf of his sister. She is honest, knowledgeable and a very hard worker. Mr. Fanning is grateful that his sister has accepted that she is bipolar and is willing to stay on medication to have peace and serenity in her life. The sister that he cared about and loved is back in his life because she is open, willing and honest with herself and other today. Mr. Fanning is part of Petitioner's support system and they speak several times a week about her therapy, medication, family, friends and life. Mr. Fanning is excited and encouraged about Petitioner's willingness to get her nursing license reinstated. Executive Director on behalf of said Board

In the Matter of Permanent License § BEFORE THE TEXAS
Number 532263, Issued to §
VICKI HELEN MCLEAN, Respondent § BOARD OF NURSING

FORMAL CHARGES

This is a disciplinary proceeding under Section 301.452(b), Texas Occupations Code. Respondent, VICKI HELEN MCLEAN, is a Registered Nurse holding license number 532263, which is in current status at the time of this pleading.

Written notice of the facts and conduct alleged to warrant adverse licensure action was sent to Respondent at Respondent's address of record and Respondent was given opportunity to show compliance with all requirements of the law for retention of the license prior to commencement of this proceeding.

CHARGE I.

On or about August 22, 2005 and August 24, 2005, while employed with Cleveland Regional Medical Center, Cleveland, Texas, Respondent lacked fitness to practice professional nursing in that:

- a. Respondent told patient medical record number 000069881 that she was investigating murders in the area and that she feared for her life because the mafia was after her and they had already tried to kill her. While discharging the patient Respondent gave her the prescriptions that the physician had written and she told her "I have to give you these but you should not fill them, you don't need them and it is just one more way for the doctor to get you back in his office for another visit. It's all about the money."
- b. Respondent informed her Supervisor that she had just spent the last two (2) weeks in a psychiatric facility where her brother had her committed and that she was put on the medication Geodon while in the facility. Respondent also told the Supervisor that "I am not crazy, I am telling you my life is in danger, my phones are tapped and the Chinese mafia has a hit out on me right now because of the dirty land deals I am investigating which are involved in cocaine trafficking from South America."
- c. Respondent told her Supervisor that God had previously spoken to Respondent through her, that she would do whatever the Supervisor thought best, and she would take it as a sign of what she should do.
- d. On August 24, 2005, Respondent contacted her Supervisor and told her that Respondent was in New Orleans and that she was resigning her position. Respondent told her that she could not say much because the phones were tapped but that she needed to complete her investigations on dirty land deals in a safer place.

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(10)&(12), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(1)(E)&(5).

CHARGE II.

On August 23, 2006, Respondent submitted a License Renewal Form to the office of the Texas Board of Nursing on which she answered "Yes" to the following question "In the past 5 years, have you been diagnosed with or treated or hospitalized for schizophrenia or other psychotic disorder, bipolar disorder, paranoid personality disorder, antisocial personality disorder, or borderline personality disorder? (You may answer "no" if you have completed and/or are in compliance with TPAPN for mental illness)". Respondent disclosed that she was involuntarily committed to a psychiatric hospital by her brother and was diagnosed with Schizophrenia which she states is not an accurate diagnosis.

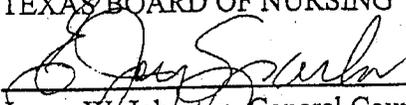

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(10)&(12), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(1)(E)&(5).

NOTICE IS GIVEN that staff will present evidence in support of the recommended disposition of revocation of Respondent's license to practice nursing in the State of Texas pursuant to the Board's rules, 22 TEX. ADMIN. CODE §§ 213.27 - 213.33. and TEX. OCC. CODE Ch. 53. Additionally, staff will seek to impose on Respondent the administrative costs of the proceeding pursuant to § 301.461, TEX. OCC. CODE ANN. The cost of proceedings shall include, but is not limited to, the cost paid by the board to the State Office of Administrative Hearings and the Office of the Attorney General or other Board counsel for legal and investigative services, the cost of a court reporter and witnesses, reproduction of records, board staff time, travel, and expenses. These shall be in an amount of at least one thousand two hundred dollars (\$1200.00).

NOTICE IS GIVEN that all statutes and rules cited in these Charges are incorporated as part of this pleading and can be found at the Board's website, www.bon.state.tx.us.

General Counsel

According to my order to comply with TPAPN I am required to get a nurse job agreeing to all the restrictions placed on me by the Texas Board of Nursing. In my hearing on March 5, 2008 it was well known by the documents presented that I became a federal whistleblower reporting violations of the rule and regulations by my employer Select Medical Corporation. Numerous documents were presented to prove my whistleblower status. Numerous documents proved the continual harassment and retaliation I received which included the pursuing of my registered nurse license in 2006 based on falsified documents to cause an illegal psychiatric admission by East Jefferson General Hospital which was one of the host hospitals of Select Medical Corporation that I reported to the Office of Inspector General for illegal billing. These actions forced me to hire Attorney Constance Singleton in July 2006 to pursue the QuiTam case against Select Medical Corporation, HCA, East Jefferson General Hospital, and Blue Cross Blue Shield Association. In my hearing on March 5, 2008 it was revealed that I discussed with Attorney Singleton's associate by cell phone on Dec. 17th or 18th, 2006 of the importance of filing the QuiTam case before the Dec. 31, 2006. It also was revealed that Attorney Singleton was stabbed 6 times on Dec. 22, 2006 to stop the filing of the QuiTam Case. Numerous other retaliations continued to occur in my life. On March 2, 2008 I returned home after working the night shift

and recognized someone had been in my home since my door was left wide open. I called 911 and filed a police report. This continued to happen several times after and I called 911. On March 2, 2008 in order to stop me from pursuing the QuiTam case filed in New Orleans I was accused of calling Judge Carol Woods and threatening her on a Sunday which was not true.

Due to all of this harassment and retaliation of a federal whistleblower which has tarnished my perfect record and labeled me bipolar when I am not it has been reasonable to expect that I would not be able to find a job with all the other restrictions placed upon me by the Texas State Board of Nursing. I have applied to numerous hospital positions and home health positions, etc. I have complied with all the requirements placed on me by the Texas State Board of Nursing and TPAPN. I have applied continual for over a period of 90 days to seek employment as a registered nurse that complies with all the restrictions placed on me by the Texas State Board of Nursing. I have gone on 2 interviews. My therapists, my family and myself have come to the realization that I am likely on a black ball list due to my discovery of a minimum of 80 acute care hospitals, along with our governmental contract payer, Blue Cross Blue Shield Association violating the rules and regulations for billing Medicare for Long Term Acute Care. The chances of getting a job as a nurse is very slim to none.

No longer wishing to live in Texas and waste my time pursuing a nursing job with such slim chances of getting one I have decided to voluntarily surrender my Texas registered nurse license. I would hope that I get the prepaid TPAPN expenses refunded to me since my voluntarily surrendering my license will end my relationship not only with the Texas State Board of Nursing but also with TPAPN.

Because of East Jefferson General Hospital labeling me in a state of psychosis because I claimed I was a Federal Whistleblower I feel it important to include with this letter the following documents that prove in fact that I have been a very powerful federal whistleblower that even resulted in organized white collar crime to stab my Attorney Singleton 6 times and have it assigned to robbery for a little old purse. Attorney Singleton's wounds were so deep that she was in ICU for 4 days and the total hospital stay was 10 days.

The following documents have been included in this voluntarily surrendering of my license to make it fully clear that my record has been tarnished due to no fault of my own:

1. Letter from the District Attorney Office of Harris County in regards to the stabbing of Attorney Singleton.
2. Copy of my check given to Attorney Singleton for \$15,000 to file the QuiTam case against Select Medical Corporation, Blue Cross Blue Shield Association, HCA, and East Jefferson General Hospital.
3. QuiTam filing in US 5th District Court in New Orleans.
4. Letters received from the following agencies after receiving the Select Report: Ernest and Young, LLP, Office of Inspector General, TriCenturion refusing to acknowledge the report was about hospital illegal billing not physician illegal billing, Internal affairs of Houston Police Dept.
5. Police report on 3/2/2008, 911 calls on 3/2/2008, 3/9/2008, 3/13/2008
6. Hospital admissions by West Jefferson hospital and East Jefferson Hospital which reveals that East Jefferson Hospital documents my presence in their hospital just 12 minutes after discharged from West Jefferson Hospital which is impossible due to the driving distance and time it took to eat. Along with statements from my sister and brother which verifies falsified documentation produced by East Jefferson General Hospital which is very different from West Jefferson General Hospital.
7. My comment on website in regards to the "Michael Clayton" movie on Feb. 24, 2008 just 8 days before my hearing on 3/5/2008 indicating that the Texas State Board of Nursing participated in receiving information from organized white collar crime when they tapped my internet, phone, etc.

Most of these documents were presented in my Texas State Board of Nursing hearing on 3/5/2008. The BON at the bottom of the pages prove they were included in the hearing.

I, Vicki Helen McLean, am voluntarily surrendering my Texas registered nurse license # 532263 today on 10/23/2010.

I am requesting that you notify my case manager Terry Shockley from TPAPN immediately that I no longer am required to participate in the program since I have surrendered my license so I can live in Louisiana by my family.

Best regards,

Vicki McLean
