**BEFORE THE BOARD OF NURSE EXAMINERS
FOR THE STATE OF TEXAS**

In the Matter of Permanent Certificate §
Number 548198 issued to § **AGREED ORDER**
SHERRY NANCY PARROTT §

An investigation by the Board produced evidence indicating that SHERRY NANCY PARROTT, hereinafter referred to as Respondent, may have violated Article 4525(b)(3),(8)&(9), Revised Civil Statutes of Texas, as amended.

An informal conference was held on June 25, 1996, at the office of the Board of Nurse Examiners, in accordance with Article 4524C, Revised Civil Statutes of Texas, as amended.

Respondent appeared in person. Respondent was notified of her right to be represented by legal counsel and elected to waive representation by counsel. In attendance were Nancy Boston, Board Member; Penny Puryear Burt, RN, J.D., General Counsel; Sharon L. Sanders, Assistant Attorney General; Anthony L. Diggs, Supervising Investigator; and Cynthia A. Smith, Investigator.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, notice and hearing, and consented to the entry of this order.
3. Respondent is currently licensed to practice professional nursing in Texas.
4. Respondent received a Bachelor of Science in Nursing from the University of Texas, Austin, Texas in May 1988.

5. Respondent's professional employment history includes:

June 12, 1988 - May 1994

Staff Nurse
Intensive Care Unit
Seton Medical Center
Austin, Texas

6. At the time of the incident, Respondent was employed as a Staff Nurse in the Intensive Care Unit (ICU) with Seton Medical Center, Austin, Texas and had been in this position for six (6) years.
7. On or about December 14, 1993, while employed at Seton Medical Center, Austin, Texas, Respondent accepted an assignment in ICU when her physical or mental condition may have prevented the delivery of safe nursing care in that she had slurred speech, droopy eyelids, unsteady gait and slow movements. Respondent's conduct was likely to injure patients in that her condition may have prevented her from recognizing the subtle signs, symptoms or rapid changes that may develop in ICU patients.
8. On or about April 19, 1994, while employed at the aforementioned facility, Respondent admitted that she engaged in the intemperate use of propoxyphene which she misappropriated from the facility. Respondent produced a specimen for a drug screen which tested positive for propoxyphene. The use of propoxyphene by a Registered Nurse, while subject to duty or call could impair a nurse's ability to recognize subtle signs, symptoms or changes in the patients' condition and could impair the nurse's ability to make rational, accurate and appropriate assessments, judgments and decisions regarding patient care, thereby placing the patient in potential danger.
9. On or about April 29, 1994, while employed at the aforementioned facility, Respondent produced a specimen for a drug screen which tested positive for propoxyphene. The use of propoxyphene by a Registered Nurse, while subject to duty or call could impair a nurse's ability to recognize subtle signs, symptoms or changes in the patients' condition and could impair the nurse's ability to make rational, accurate and appropriate assessments, judgments and decisions regarding patient care, thereby placing the patient in potential danger.
10. On or about May 19, 1994, while employed at the aforementioned facility, Respondent produced a specimen for a drug screen which tested positive for propoxyphene. The use of propoxyphene by a Registered Nurse, while subject to duty or call could impair a nurse's ability to recognize subtle signs, symptoms or changes in the patients' condition and could impair the nurse's ability to make rational, accurate and appropriate assessments, judgments and decisions regarding patient care, thereby placing the patient in potential danger.

11. On or about April 17, 1995, Respondent pled guilty to Theft, Class "A" Misdemeanor in the 331st Judicial District Court of Travis County. Respondent was given a probated sentence for this offense.
12. On or about October 11, 1995, Respondent's probation was revoked due to two DWI convictions: October 14, 1994 and February 2, 1995. Respondent was placed in Travis County Jail for 75 days and her driver's license was suspended for 1 year.

CONCLUSIONS OF LAW

1. Pursuant to Article 4525, Revised Civil Statutes of Texas, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.

4. The evidence received is sufficient cause pursuant to Article 4525(b), TEX. REV. CIV. STAT. ANN., to take disciplinary action against license number 548198, heretofore issued to SHERRY NANCY PARROTT.

BEFORE THE STATE OFFICE

OF

ADMINISTRATIVE HEARINGS

PROPOSAL FOR DECISION

The staff of the Board of Vocational Nurse Examiners (Staff) sought to discipline a licensee for violating an Agreed Board Order. The Staff recommended revocation of the license. This proposal agrees with the Staff's recommendation.

I. JURISDICTION AND PROCEDURAL HISTORY

There are no contested issues of notice or jurisdiction in this proceeding. Therefore, these matters are set out in the proposed findings of fact and conclusions of law without further discussion here.

The hearing in this matter was held July 22, 1997, at the Hearings Facility of the State Office of Administrative Hearings, 1700 N. Congress, Suite 1100, Austin, Texas, with Administrative Law Judge Ann Landeros presiding. Lynn Bey-Roode, Assistant Attorney General, represented Staff. Sherry S. Parrott (Respondent) appeared pro se. The hearing concluded that same day.

II. DISCUSSION

A. Applicable Statutory Provisions.

Pursuant to TEX. REV. CIV. STAT. ANN. art. 4528c, §10(a)(1) of the Vocational Nurse Act (the Act), the Board may suspend or revoke the license of any practitioner of vocational nursing for violation of the Act, or of any Board rule, regulation or order. The sworn complaint against Respondent was filed with the Board in accordance with the Act.

B. Evidence.

1. Background

Respondent is a vocational nurse licensed by the State of Texas, and holds license number 070223. She also previously held a registered nurse's license. In 1994, after working at Seton Hospital in Austin, Texas, for fourteen years, Respondent's problems with drugs and alcohol caused her to lose her job. Health problems, including a hysterectomy and depression, also interfered with Respondent's ability to cope during this period. From 1994 to 1996, Respondent

also had criminal problems, including hot checks charges and two driving while intoxicated convictions. Her failure to complete the Texas Peer Assistance Program for Nurses (TPAPN) contributed to the revocation of her registered nurse's license in 1996. On her license renewal application submitted to the Board in 1995, Respondent admitted her criminal convictions. Subsequently, she also disclosed to the Board that she had a drug problem. As a result of these disclosures, the Board placed Respondent on a probated suspension.

2. The Agreed Board Order's Requirements

On March 12, 1996, the Board endorsed an Agreed Board Order in which Respondent's license to practice vocational nursing in the State of Texas was suspended, the suspension was stayed, and Respondent was placed on probation for a period of eighteen months. The Agreed Order required Respondent:

- 1) to cause her nursing employer(s) to submit satisfactory reports directly to the Board office on a monthly basis for the first six months of probation and quarterly thereafter;
- 2) to document in writing any period of unemployment and submit that information to the Board each month for the first six months of probation and quarterly thereafter;
- 3) to obtain the Board's prior written approval and to successfully complete nursing program courses in the Legal Aspects of Nursing (including Charting and Patient Confidentiality) within the first year of probation;
- 4) to attend weekly meetings with a chemical dependency support group and have her program sponsor submit quarterly reports to the Board regarding Respondent's satisfactory participation; and
- 5) to submit to random periodic blood alcohol and urine drug screens upon demand of Board staff.

3. The Employer's Reports

Staff investigator Carolyn Hudson testified that Respondent failed to timely submit the employer report due December 12, 1996. Respondent testified she was unable to find employment for most of the probationary period. She explained her failure to submit an employer's report or report her unemployed status in December 1996 as a symptom of her ongoing depression.

4. Drug Screens

On October 16, 1996, Staff called Respondent to request she submit to a drug/alcohol screen on that day. The Board never received a report of the drug screen results. Respondent claimed to have submitted to the drug screen as requested. She believed the report of the drug screen was never sent to the Board because she was unable to pay for it.

5. Support Group Report

Respondent did not submit the chemical dependency group sponsor report due in December 1996 apparently because she no longer had a sponsor. She went to Alcoholics Anonymous meetings regularly until she was released from her criminal probation, after which she ceased attending the AA meetings. She does attend an unspecified form of counseling.

6. Nursing Course

Respondent had to obtain the Board's prior approval of and complete a course in the legal aspects of nursing prior to March 12, 1997. Respondent did not explain her failure to do so.

7. Respondent's Position

Respondent attributed her lack of compliance with the Board Order on her severely depressed condition during the recovery from addiction. She stated she is still depressed. She currently works at a fast food restaurant. At this time she does not know if her mental condition would permit her to handle a more demanding job. She admitted she still has problems with motivation. She emphasized a lack of willpower and a tendency to procrastinate as major symptoms of her ongoing depression. She does not know if she will ever return to nursing, but she knows she no longer has to try to be the "super-nurse" she once was. Despite her doubts about nursing as a suitable career in her present condition, Respondent requested she be given second chance and be allowed to keep her vocational nurse's license.

C. Analysis and Recommendation

Respondent's own candor revealed she is not mentally ready to resume her nursing career. She admitted to failing to comply with four conditions of the Agreed Board Order. If failing to file the required reports or complete the nursing course are symptomatic of her depression, there is no reason to believe she could handle the demands of nursing in her present condition. Respondent expressed doubts about her own psychological state with regard to her fitness to be a nurse. She described herself as being unable, over the course of several months, to find the willpower to simply mail a report to the Board. She admitted that she feels she is not up to a job more demanding than the one she presently has at the fast food restaurant. Nursing is often a demanding profession, both mentally and physically. Based on her familiarity with the pressures of nursing, Respondent evaluated her condition and found herself lacking the mental energy needed.

Respondent's decision to quit attending a chemical dependency support group showed poor judgment. Even if she truly no longer needed such support with her addiction, she still knew that attendance was required by the Agreed Board Order. Respondent did not explain why she chose to ignore this probation requirement. While Respondent's poverty may have made the drug screen result unavailable, her failure to report this financial impediment to Staff seemed to be yet another instance example of Respondent procrastinating rather than attempting to deal with her problems.

The Board has an obligation to protect the public. After learning of Respondent's criminal conviction and chemical dependency problem, the Board sought to protect the public by monitoring Respondent's activities. Respondent was unable to comply with the Board's probationary requirements. Her inability to comply stemmed from a mental problem that sometimes leaves Respondent unable to act. This inertia could endanger the public should Respondent resume nursing. Based on her failure to comply with the Agreed Board Order and her own admitted lack of self-confidence in her ability to be a nurse at this time, Respondent's vocational nurse's license should be revoked.

II. PROPOSED FINDINGS OF FACT

1. Sherry S. Parrott (Respondent), a vocational nurse licensed by the State of Texas, holds license number 070223.
2. A sworn complaint against Respondent was filed with the Board of Vocational Nurse Examiners (the Board) on April 18, 1997.
3. A copy of the complaint and notice of the hearing was sent to Respondent at her record address by certified mail on June 20, 1997.
4. The complaint and notice of hearing included the information and language required by TEX. GOV'T CODE ANN. §§ 2001.052 and 2001.054 and 22 TEX. ADMIN. CODE (TAC) §§ 239.30 and 239.31.
5. Respondent appeared pro se at the hearing held July 22, 1997.
6. On March 12, 1996, the Board endorsed an Agreed Board Order in which Respondent's license to practice vocational nursing in the State of Texas was suspended, the suspension was stayed, and Respondent was placed on probation for a period of eighteen months.
7. Under the Agreed Board Order, Respondent was required to successfully complete a nursing program course encompassing Legal Aspects of Nursing (to include Charting and Patient Confidentiality) and submit documentation of successful course completion to the Board office prior to the end of her probation. The course had to be approved in advance by the Board.
8. Respondent failed to obtain Board approval for the required Legal Aspects of Nursing course or to complete the course.
9. Under the Agreed Board Order, Respondent was required to have her nursing employer submit satisfactory reports directly to the Board on a monthly basis for the first six months of her probation, and to submit the reports on a quarterly basis for the last twelve months of her probation. Respondent had to document any periods of unemployment.
10. Respondent failed to cause her nursing employer to submit to the Board either the employer's report or a statement of unemployment by the due date of December 12, 1996.

11. Under the Agreed Board Order, Respondent was to submit to random blood alcohol and urine drug screens upon Staff's request and to provide the Board with the report of the screen results.
12. After Staff requested a drug screen on October 16, 1996, Respondent failed to provide the Board with the results of the drug screen.
13. Under the Agreed Board Order, Respondent was to attend meetings of a chemical dependency support group regularly and have her group sponsor submit quarterly reports to the Board.
14. Respondent failed to have her chemical dependency group sponsor submit the quarterly report due December 12, 1996.
15. Respondent suffers from depression that undermines her willpower and causes her to procrastinate, especially regarding problems.
16. Respondent's mental condition has robbed her of the mental energy needed to handle a high stress job, such as vocational nursing.

III. PROPOSED CONCLUSIONS OF LAW

1. The Board of Vocational Nurse Examiners has jurisdiction over this matter pursuant to §10 of the Vocational Nurse Act (the Act), TEX. REV. CIV. STAT. ANN. art. 4528c.
2. The State Office of Administrative Hearings has jurisdiction over matters related to the hearing in this proceeding, including the authority to issue a proposal for decision with proposed findings of fact and conclusions of law, pursuant to TEX. GOV'T CODE ANN. ch. 2003.
3. Proper and timely notice of the hearing was effected on Respondent pursuant to TEX. GOV'T CODE ANN. ch. 2001 and 22 TEX. ADMIN. CODE (TAC) §239.23.
4. The Board has authority to take disciplinary action against its licensees, including the suspension or revocation of licenses, under §10(a) of the Act.
5. Respondent has violated a Board Order, in violation of §10(a)(1) of the Act.
6. Respondent's license should be revoked, pursuant to §10(a) of the Act.

SIGNED this 11 day of August, 1997.
