NUNC PRO TUNC ORDER OF THE BOARD

TO: Ernesto Cervera
c/o Mark Martyn, Attorney at Law
Martyn Law Firm
P.O. Box 544
Cedar Creek, TX 78612

During open meeting held in Austin, Texas, the Texas Board of Nursing (Board) finds that an Agreed Order of the Board was mistakenly ratified and entered for Ernesto Cervera. The Order contained typographical errors and incorrect terms and conditions regarding the supervised practice of Mr. Cervera. Upon notice and hearing, administrative agencies, like the Courts, have the power to enter nunc pro tunc orders where it can be seen by reference to a record that what was intended to be entered, but was omitted by inadvertence or mistake, can be corrected upon satisfactory proof of its rendition provided that no intervening rights will be prejudiced. *Railroad Comm'n v. McClain*, 356 S.W.2d 330, 334 (Tex. App.--Austin 1962, no writ) (citing *Frankfort Ky. Nat. Gas Co. v. City of Frankfort*, 276 Ky. 199, 123 S.W.2d 270, 272).

The Executive Director, as agent of the Texas Board of Nursing, after review and due consideration of the record and the facts therein, invalidates the Agreed Order of the Board for Ernesto Cervera that is dated November 9, 2010, and submits and enters the corrected Agreed Order of the Board, which corrects the typographical errors and contains the correct terms and conditions regarding the supervised practice of Mr. Cervera. No other changes to the Order have been made. Mr. Cervera has been notified of these changes through his attorney of record and has agreed to these changes. Further, Mr. Cervera received due process regarding his license; therefore, his rights have not been prejudiced.

NOW, THEREFORE, IT IS ORDERED that the corrected Agreed Order of the Board is hereby approved and entered on the dates set forth below.

Order effective November 9, 2010.

Entered this 6th day of December, 2010.

Possession of cocaine is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of cocaine by a Licensed Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.

On June 20, 2008, Mr. Cervera contacted the program and is taking the necessary steps to participate. Mr. Cervera understands that it was his responsibility to contact the program in October and apologizes for his failure to do so."
