BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse §
License Number 244754 § AGREED
issued to LOU ELLEN MCMULLEN § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of LOU ELLEN MCMULLEN, Registered Nurse License Number 244754, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9)&(10), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on September 10, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Texas Eastern School, Tyler, Texas, on May 1, 1978. Respondent was licensed to practice professional nursing in the State of Texas on September 1, 1978.

5. Respondent's professional nursing employment history includes:

01/1979 - 01/1987	Staff RN	Presbyterian Hospital Dallas, Texas
02/1987 - 05/1990	Not employed in Nursing	
05/1990 - 11/1999	Office Nurse	Downtown Women OBGYN New York, New York
12/2000 - 12/2001	Unknown	
12/2001 - 10/2003	Staff Nurse	Michael Eiseman, MD Houston, Texas
01/2003 - 06/2003	Office/Clinic Nurse	Houston Women Clinic Houston, Texas
07/2003 - 01/2004	Staff RN	Hermann Memorial Houston, Texas
02/2004 - 01/2005	Unknown	
01/2005 - 06/2008	RN	East Texas Medical Center Quitman, Texas
06/2008 - Present	Unknown	

6. On or about August 6, 2004, Respondent was issued an Agreed Order by the Board of Nurse Examiners for the State of Texas, which required her to participate and successfully complete the Texas Peer Assistance Program for Nurses (TPAPN). A copy of the Findings of Fact, Conclusion of Law, and Order of the Board, dated August 6, 2004, is attached and incorporated, by reference, as a part of this Order.

7. At the time of the initial incident, Respondent was employed as a Registered Nurse with East Texas Medical Center, Quitman, Texas, and had been in this position for approximately three and a half (3 1/2) years.

8. On or about May 25, 2008, while employed as a Registered Nurse with East Texas Medical Center, Quitman, Texas, Respondent withdrew seven (7) tablets of Ativan 0.5 mg from the Medication Dispensing System (Pyxis) for patients, but failed to document, or accurately document the administration of the medication in the patients' Medication Administration Records and/or nurse's notes. Respondent's conduct was likely to injure the patients in that subsequent care givers would rely on her documentation to further medicate the patient which could result in an overdose.
9. On or about May 25, 2008, while employed as a Registered Nurse with East Texas Medical Center, Quitman, Texas, Respondent withdrew seven (7) tablets of Ativan 0.5mg from the Medication Dispensing System (Pyxis) for patients, but failed to follow the facility's policy and procedures for wastage of any of the unused portions of the medications. Respondent's conduct was likely to deceive the hospital pharmacy and place them in violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
10. On or about May 25, 2008, while employed as a Registered Nurse with East Texas Medical Center, Quitman, Texas, Respondent misappropriated Ativan 0.5mg from the facility and patients thereof, or failed to take precautions to prevent such misappropriation in that she admitted she took the discarded doses of Ativan 0.5mg. Respondent's conduct was likely to defraud the facility and patients of the cost of the medications.
11. In response to Findings of Fact Numbers Eight (8) through Ten (10), Respondent states: On the day I took out the Ativan of which the patient was to receive half the tablet, I did take the half that was to be wasted. It wasn't premeditated. At that moment, I was so stressed, I just found myself swallowing it. I was immediately remorseful and tried to vomit the tablet half up and I did think I had purged it up. Even though I thought I had probably gotten it out, I can say that I did tell the DON what I had done because whether it showed up on a drug test or not, I knew I had to take responsibility for what I did. I can't even express the remorse I felt the moment I did it. But I did try to do the right thing by taking responsibility for it.
12. On or about May 26, 2008, while employed as a Registered Nurse with East Texas Medical Center, Quitman, Texas, Respondent engaged in the intemperate use of Propoxyphene in that she produced a specimen for a drug screen that resulted positive for Propoxyphene. Possession of Propoxyphene, without a valid prescription, is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of Propoxyphene by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.

13. In response to Finding of Fact Number Twelve (12), Respondent states: As for the propoxyphene, I wasn't taking my father's propoxyphene regularly as I understood the letter to say. It happened a couple of times. When I was taking care of my dad, I pulled out my back and couldn't leave or take care of him with my back out. I didn't have my medicine with me. Although it wasn't my prescription, I had been prescribed propoxyphene in the past. I know that isn't right.
14. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(9)&(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(1)(A),(C),(E),(5),(6)(G),(8),(10)(A),(B),(C),(D)&(11)(B).
