In the Matter of Vocational Nurse                   §        AGREED  
License Number 110673                               §  
issued to JANICE L. PEREZ                         §        ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of JANICE L. PEREZ, Vocational Nurse License Number 110673, herein referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on June 25, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from South Plains College, Lubbock, Texas, on July 15, 1983. Respondent was licensed to practice vocational nursing in the State of Texas on June 2, 1985.
5. Respondent's nursing employment history includes:
 

6/1985-10/1988	Unknown
----------------	---------

Respondent's nursing employment history continued:

11/1988-10/2004	LVN	Covenant Medical Center Lubbock, Texas
11/2004-5/2005	LVN	University Medical Center Lubbock, Texas
6/2005-7/2005	Unknown	
8/2005-10/2005	LVN Charge Nurse	Provincial House of Adrian Adrian, Michigan
11/2005-4/2009	LVN	Covenant Health System Lubbock, Texas
5/2005-Present	LVN	Grace Medical Center Lubbock, Texas

6. At the time of the incident, Respondent was employed as a LVN with Covenant Health System, Lubbock, Texas, and had been in this position for three (3) years and five (5) months.
7. On or about April 14, 2009, while employed with Covenant Health System, Lubbock, Texas, Respondent failed assess Patient Number MU00144633 until 8:15 a.m., ninety (90) minutes after her shift began, at which time the Respondent entered the patient's room and found him to be unresponsive. Respondent failed to intervene for the patient, which delayed life-saving treatment for several minutes before the Nurse Manager provided interventions. Respondent, upon arriving back in the patient's room, explained to the nurse manager that the patient wasn't responding to her. The nurse manager assessed the patient, found him to be without respirations or pulse, and instructed Respondent to initiate a Code Blue, and then, when Respondent did not, called the Code Blue herself while Respondent stood by. The code team responded quickly but was unable to revive the patient, who was pronounced deceased at 8:39 a.m. According to the cardiac monitor strips, the patient's heart stopped at 7:10 a.m., 10 minutes after Respondent's shift began. Respondent's conduct was likely to injure the patient from non-efficacious treatment and may have contributed to the patient's demise.
8. In response to incident in Finding of Fact Number Seven (7), Respondent states when she arrived for work that morning it was her first day back after having two days off. Respondent states she received report from two (2) night shift nurses, one of whom did not do walking rounds and gave Respondent a poor report, the other nurse did walking rounds and gave a good report. Respondent states when she returned to the nurse's station, after receiving report, she was told the lab had called and was waiting for a blood specimen from one (1) of her other patients, so she gathered her equipment and left to do the lab draw; however, on her way, she decided to check on her other two (2) patients because she was afraid that she

would have difficulty drawing the lab and so she wanted to at least look in on them. Respondent states when she entered the room of Patient Number MU00144633, he was lying on his right side and had a bi-pap in place. Respondent states that she put her hand on his shoulder, and he opened his eyes, looked at her, and then closed his eyes. Respondent states she did have difficulty with the lab draw on the other patient, and it was almost 8:15 a.m. before she started reviewing her charts for the day. Respondent states that she had decided to pass her medications and do her assessments at the same time, and that she was leaving to get her medications for the first patient when the alarm of Patient Number MU00144633 alarm went off. Respondent states that she ran to the patient's room to check on him, she shook the patient, and she yelled out his name, but there was no response. Respondent continues, stating that she checked his pulse, and there wasn't one, so she quickly called a Code Blue. Respondent states that the physician arrived about 30 minutes after the code was started and pronounced the patient. Respondent concludes by stating that since she had not done an assessment of the patient and had not completed any charting prior to the patient's death, her documentation on the nursing notes was brief.
