

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse License Number 637317 § AGREED
issued to ROBBIE DAVIS § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ROBBIE DAVIS, Registered Nurse License Number 637317, herein referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9),(10) and (12), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on March 22, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Amarillo College, Amarillo, Texas, on May 1, 1996. Respondent was licensed to practice professional nursing in the State of Texas on February 4, 1997.
5. Respondent's professional nursing employment history includes:

03/97 - 04/07	RN	Baptist St. Anthony's Health System, Amarillo, TX
05/07 - 08/07	RN	Triumph Hospital Amarillo, TX

I do hereby certify this to be a complete, accurate, and true copy of the document which is on file or is of record in the offices of the Texas Board of Nursing.
Katherine A. Thomas
Executive Director of the Board

Respondent's professional nursing employment history (continued):

08/07 - 12/07	RN	Amarillo Heart Group Amarillo, TX
01/08 - 11/09	RN	Baptist St. Anthony's Health System, Amarillo, TX
12/09 - Present	Unknown	

6. On or about June 12, 2007, while applying for employment at Baptist St. Anthony's Health System, Amarillo, Texas, Respondent submitted a specimen for a pre-employment drug/alcohol screen which resulted positive for Propoxyphene. Additionally, Respondent admitted to taking Propoxyphene without a valid prescription from a physician. Possession of Propoxyphene without a lawful prescription is prohibited by Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act). The use of Propoxyphene by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
7. On or about June 10, 2008, while enrolled in the Extended Evaluation Program (EEP), Respondent engaged in the intemperate use of Alcohol in that Respondent submitted a specimen for a random drug screen which resulted positive for Ethyl Glucuronide. Additionally, Respondent admitted to drinking alcoholic beverages. The use of Alcohol by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in patients' conditions, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
8. In response to Finding of Fact Numbers Six (6) and Seven (7), Respondent states that she is not a threat to the public and does not meet the criteria for substance abuse or dependence. Respondent states that she provided several months of negative screens while participating in the Extended Evaluation Program (EEP) and has completed the Nursing Jurisprudence course on September 10, 2008, a course that is required under this Order.
9. On or about July 22, 2008, and August 21, 2008, Respondent underwent a psychological evaluation, performed by Alexander Howe, Ph.D., Clinical Psychologist, Waco, Texas. Dr. Howe stated that Respondent did not present any acute substance use/abuse disorder. Dr. Howe proposed that Respondent's positive drug screen for Darvocet was a result of an error of judgment as well as a denial or dismissal of her knowledge as a treating nurse in ingesting medication not formally prescribed for her. Additionally, her consumption of alcohol during her participation in the Extended Evaluation Program appeared to be another error of

judgment that was conscious in expression, and to a degree, oppositional to the enforced restrictions of the Extended Evaluation Program. Dr. Howe proposed that it would be beneficial for Respondent to undergo focused training as to the legal factors as they apply to her position as a Registered Nurse within the State of Texas. Also, enrollment and successful completion of a Jurisprudence Program of study as it applies to nurses may be extremely beneficial in addressing not only her reported lack of knowledge, but also her naivete with regard to this subject.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(9),(10) and (12), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(5),(10)(A)&(D) and (11)(B).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 637317, heretofore issued to ROBBIE DAVIS, including revocation of Respondent's license to practice professional nursing in the State of Texas.
