issued to TERESA RENEA COEN § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of TERESA RENEA COEN, Vocational Nurse License Number 107989, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9),(10)&(12), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on January 13, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.

3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Joe G. Davis School of Vocational Nursing, Huntsville, Texas, on August 9, 1984. Respondent was licensed to practice vocational nursing in the State of Texas on December 17, 1984.

6. At the time of the incidents in Findings of Fact Numbers Seven (7) and Eight (8), Respondent was employed as a Licensed Vocational Nurse with Memorial Herman Surgery Center, Houston, Texas, and had been in this position for an unknown period of time.
7. On or about October 7, 2008, while employed as a Licensed Vocational Nurse with Memorial Herman Surgery Center, Houston, Texas, Respondent engaged in the intemperate use of Methamphetamine in that she submitted a sample for a drug screen that produced a positive result for Methamphetamine. Additionally, Respondent admitted to using Methamphetamine daily for several months. Possession of Methamphetamine is prohibited by Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act). The use of Methamphetamine by a Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
8. On or about April 2009, while employed as a Licensed Vocational Nurse with Memorial Herman Surgery Center, Houston, Texas, Respondent lacked fitness to practice nursing in that she was admitted to an outpatient treatment facility for treatment of methamphetamine abuse. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
9. In response to Finding of Fact Numbers Seven (7) and Eight(8), Respondent states that in approximately May or June of 2008, she met an individual who introduced her to crystal methamphetamine, by putting the narcotic in her soft drinks, which resulted in her experiencing an abundance of energy. Respondent continued to use crystal methamphetamine off and on until September of 2008 but denies that she ever used methamphetamine prior to or while on duty. On October 7, 2008, Respondent states that she was seen by her personal physician and was asked to do a drug screen, which came back positive. Respondent asserts that she had been off the week prior to this drug screen and denies using anything, but thinks the narcotic may have been put in her soft drink without her knowledge. Additionally, Respondent states that in April 2009, she was admitted to Intensive Out Patient (IOP) per TPAPN guidelines, and not that she lacked fitness to practice nursing. Her admission to IOP happened 7 months after her physician's visit.
10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
11. Charges were filed on November 5, 2009.

12. Charges were mailed to Respondent on November 9, 2009.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(9),(10)&(12), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12 (1)(A)&(B),(4),(5),(10)(A)&(D)&(11)(B).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 107989, heretofore issued to TERESA RENE COEN, including revocation of Respondent's license to practice vocational nursing in the State of Texas.
