In the Matter of Registered Nurse § AGREED
License Number 592683 §
issued to DENISE PARKS OYLER § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of DENISE PARKS OYLER, Registered Nurse License Number 592683, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(13), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on October 4, 2010, by Katherine A. Thomas, MN, RN, Executive Director.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Fresno City College, Fresno, California, on June 1, 1974. Respondent was licensed to practice professional nursing in the State of Texas on August 16, 1993.
5. Respondent's nursing employment history includes:

| | | |

| 06/74 - 04/89 | GN/RN, Med/Surg, Telemetry Oncology, Home Health | Saint Agnes Medical Center Fresno, California |
| 06/80 - 03/84 | Assistant Director of Nursing/ Director of Nursing | Beverly Manor Convalescent Hospital Fresno, California |

Respondent's nursing employment history continued:

6. At the time of the incident, Respondent was employed as Director of Nursing with Wellington Oaks Nursing and Rehabilitation, Fort Worth, Texas, and had been in this position for one (1) month.
7. During August 15, 2008 through October 8, 2008, while employed as Director of Nursing with Wellington Oaks Nursing and Rehabilitation, Fort Worth, Texas, Respondent failed to institute appropriate nursing interventions for Patient RE who had a diagnosis of Intermittent Explosive Behavior. Respondent failed to ensure a safe environment for the patients. Patient RE was involved in numerous incidents of aggressive behavior toward staff and patients, including hitting, kicking, verbal abuse, and on October 8, 2008, Patient RE bit the thumb of another patient. Respondent's conduct exposed the patients and staff unnecessarily to a risk of physical and emotional injury.

8. In response to Finding of Fact Number Seven (7), Respondent states that she began in the position of Director of Nursing at Wellington Oaks on July 7, 2008. A majority of the facility residents have psychiatric diagnosis and display numerous behavioral problems. The facility takes residents who act out, have hallucinations, experience delusions. They have in-services on the topic of behavior many times a year. On August 14, 2008, only one month after Respondent began working she was informed that they were admitting a patient who was currently at a psychiatric hospital. The resident was agitated several hours after his arrival to the facility. The facility psychiatrist attempted to interview the resident without success. After the resident's behavior escalated they obtained a helmet he had worn at the other facility but he removed it. The resident would slide out of his specialty chair, and staff was working hard to keep the resident and others safe. Respondent states that she and the social worker were finding it difficult to find placement for the resident due to the behavioral problems. The psychiatric hospital he came from would not take him back and the local county hospital that had inpatient psychiatric unit would not take him because of his physical problems (head injury). The incident resulting in the resident biting another resident's finger did not result in broken skin. They immediately reported to the Texas Department on Aging and Disability Services as required. After the surveyor arrived the resident was placed on 1:1 observation to protect him and the other residents until they could get a mental health warrant. The next day the resident was transferred to John Peter Smith Hospital (JPS) under a mental health warrant, later that same day JPS called Respondent and told her they were sending him back and she refused. In every instance in which an impulsive outburst occurred, staff reacted to redirect or protect the Resident.

2. Notice was served in accordance with law.
