issued to LARINDA KATHLEEN GROFF                             §     ORDER

An investigation by the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, produced evidence indicating that LARINDA KATHLEEN GROFF, hereinafter referred to as Respondent, Vocational Nurse License Number 145482, may have violated Section 302.402(a)(9)&(10), Texas Occupations Code.

(9) Respondent shall submit to random periodic screens for controlled substances, tramadol hydrochloride (Ultram), and alcohol....

10. Formal charges were filed on December 2, 2008.

12. On April 22, 2010, Respondent submitted a letter, and stated that the past several years have been very hard on her, and when she received her Board Order she was under the doctor's care for back problems. Respondent states that she is free from taking any medications, able to grieve her husband in a healthy way, and able to look forward to her future. Respondent states that she is a very good nurse and an asset to the nursing field.
13. On January 29, 2010, Respondent submitted a letter from her physician, Lloyd K. Weldon, D.O., Pain Management, Fort Worth, Texas. Dr. Weldon states that Respondent is his patient and during 2006 and 2007 she was prescribed Norco 10, Dilaudid 4, Dilaudid 8mg, Halcion 0.25, Clonazepam 1.0, Bacrim D.S., Diclofenac 75, and Mirapex 0.125.

December 2004 - May 2005	Agency Nurse (LVN) Integracare Services Bedford, Texas
June 2005 - Present	Not employed in nursing

6. At the time of the incident, Respondent was employed as a Licensed Vocational Nurse with Bellmire Healthcare, Bowie, Texas, and had been in this position for approximately three (3) months.

7. On or about January 2, 2004, while employed at Bellmire Healthcare, Bowie, Texas, Respondent lacked fitness to practice professional nursing in that she was observed to be sleeping while on duty. Respondent's conduct could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
8. On or about January 2, 2004, while employed at Bellmire Healthcare, Bowie, Texas, Respondent falsely documented the administration of Morphine in patients' medical records. Respondent's conduct above was likely to injure the patients in that subsequent care givers would rely on her documentation to further medicate the patient which could result in an overdose.
9. On or about January 2, 2004, while employed at Bellmire Healthcare, Bowie, Texas, Respondent engaged in the intemperate use of Morphine, benzodiazepines, Diazepam, Opiates, Oxazepam, methamphetamine, amphetamine, and marijuana, in that Respondent submitted a specimen for a urine drug screen which resulted positive for Morphine, benzodiazepines, Diazepam, Opiates, Oxazepam, methamphetamine, amphetamine, and marijuana. Possession of Morphine, benzodiazepines, Diazepam, Opiates, Oxazepam, methamphetamine, amphetamine, and marijuana is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of Morphine, benzodiazepines, Diazepam, Opiates, Oxazepam, methamphetamine, amphetamine, and marijuana by a Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
10. On February 17, 2006, Respondent was evaluated for substance dependence by Carolyn Garcia, LCDC, with the Tarrant Council on Alcoholism and Drug Abuse, Fort Worth, Texas. Ms. Garcia indicates in her evaluation summary that Respondent scored a zero (0) out of a possible nine (9) on her screening and does not meet criteria for substance dependence treatment at this time.
11. On or about May 5, 2006, Respondent submitted to a polygraph examination conducted by Joseph L. McCarthy, P.I. with Dalhousie Polygraph Services, Richardson, Texas. Mr. McCarthy states in his report that Respondent admits to sleeping on duty, but denies all other accusations. She states that she was being set up because of a situation surrounding a "whistle blowing" incident.

When asked about the Morphine she denied any knowledge of the missing Morphine and its whereabouts. She also denies using morphine, or falsifying any document or log regarding the morphine.

When asked about illegal use, she did admit that she may have tried marijuana at a party but wasn't really sure as she was drinking that night. She denied using any prescribed controlled substance of any kind that was not prescribed for her.

Respondent states that she states that she fears that she did not give the morphine to the patient, but had pulled the Morphine and "misplaced it." She states that she is very afraid that she may have administered the morphine to another patient unintentionally.

The following are the relevant questions posed and her responses.

Q1: Did you lie in that statement you gave to me today?  
Answer: NO

Q2: Did you intentionally leave anything off that statement you gave to me today?  
Answer: NO

This evaluation process resulted in a finding of **Non Deception Indicated (NDI)**.

12. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
