BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 114402 §
issued to CLYDIA MORTON § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of CLYDIA MORTON, Vocational Nurse License Number 114402, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on March 24, 2011, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).

1988 - 1992	Staff Nurse	Trinity Mission Nursing Center Burleson, Texas
1992 - 1994	Medical Examiner's Investigator	Johnson County Law Enforcement Center, Medical Department Cleburne, Texas

6/2008 - 1/2009	Staff Nurse	Heritage Trails Nursing and Rehabilitation Cleburne, Texas
2/2009 - Present	Unknown	

6. On October 18, 2007, Respondent's license to practice vocational nursing in the State of Texas was issued the sanction of Reprimand with Stipulations through an Agreed Order of the Board of Nurse Examiners for the State of Texas. A copy of the October 18, 2007 Agreed Order of the Board, Findings of Fact and Conclusions of Law is attached and incorporated, by reference, as part of this Order.
7. At the time of the initial incident, Respondent was employed as a staff nurse with Heritage Trails Nursing and Rehabilitation, Cleburne, Texas, and had been in this position for six (6) months.
8. On or about December 22, 2008, while employed as a staff nurse with Heritage Trails Nursing and Rehabilitation, Cleburne, Texas, Respondent administered Lortab 5/500 to Patient SB, from another patient's supply and failed to document the medication administration on Patient SB's Medication Administration Record. Respondent's removal of another patient's medication to administer to Patient SB defrauded said patient of the cost of the medication. Furthermore, Respondent's conduct was likely to injure the patients in that subsequent care givers would rely on her documentation to further medicate the patient which could result in an overdose.
9. On or about December 23, 2008, while employed as a staff nurse with Heritage Trails Nursing and Rehabilitation, Cleburne, Texas, Respondent failed to administer two (2) bolus tube feedings to Patient JW. Respondent's conduct deprived the patient of nutrition necessary to maintain nutritional well being and bodily functions.
10. On or about December 31, 2008, while employed as a staff nurse with Heritage Trails Nursing and Rehabilitation, Cleburne, Texas, Respondent administered two (2) tablets of Darvocet N-100 by mouth to Patient RM, which had been discontinued on December 10, 2008; and documented the administration in the patient's the Medication Administration Record that she had administered one (1) Vicodin. Respondent's conduct resulted in the patient receiving medication that had been discontinued by the physician, which may have resulted in the patient experiencing adverse reactions. Additionally, Respondent's conduct

resulted in an inaccurate medical record which subsequent care givers would rely on to provide further medical care.

11. In response to the incidents in Finding of Fact Number Eight (8), Finding of Fact Number Nine (9), and Finding of Fact Number Ten (10), Respondent states the medications were on the Medication Administration Records so she gave them and did not check the physician orders to determine if they had been discontinued. Respondent states she could not sleep during the day and she was working 10PM to 6AM, which was a bad shift for her.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.11(1)(B),(1)(C)&(1)(D) and 22 TEX. ADMIN. CODE §217.12(1)(B)&(4).

WHEREFORE, PREMISES CONSIDERED, the Texas Board of Nursing does hereby ratify and adopt the Agreed Order that was signed on the 18th day of April, 2011, by CLYDIA MORTON, Vocational Nurse License Number 114402, and said Order is final.

5. Respondent's vocational nursing employment history includes:

May 1986 - 1999	Unknown
2000 - August 2001	LVN Southwest Nursing Center Fort Worth, Texas
September 2001 - September 2003	LVN Northwest Nursing Center Fayetteville, Arkansas
October 2003 - September 2004	LVN Springdale Health & Rehab Springdale, Arkansas
October 2004 - August 2005	LVN Colonial Manor Nursing Center Cleburne, Texas
January 2005 - June 2005	LVN Fireside Lodge Cleburne, Texas
July 2005 - Present	LVN Colonial Manor Nursing Center Cleburne, Texas

6. At the time of the initial incident, Respondent was employed as a Vocational Nurse with Colonial Manor Nursing Center, Cleburne, Texas, and had been in this position for eleven (11) months.
7. On or about August 22, 2005, while employed as a Licensed Vocational Nurse with Colonial Manor Nursing Center, Cleburne, Texas, Respondent engaged in the intemperate use of Cocaine, in that Respondent submitted a specimen for a post-accident drug screen which resulted positive for Cocaine. Possession of Cocaine is prohibited by Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act). The use of Cocaine by a Licensed Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
8. Regarding the conduct outlined in Finding of Fact Number Seven (7), Respondent states

that she was unable to provide an adequate urine specimen so she mixed her urine with a nurse aide's urine to provide a specimen for the post-accident drug screen. Respondent admits to previous drug use but denied any drug use after becoming a nurse.

9. On April 18, 2007, Respondent underwent a forensic psychological evaluation performed by John M. Lehman, Ph.D., Clinical Psychologist, and a polygraph examination performed by Donald Ramsey, M.A., Polygraph Examiner, incorporating the results of the polygraph exam which yielded a finding of "no deception indicated." The following are Dr. Lehman's recommendations and conclusions:
 1. "Respondent is fit for duty. There are no indications of any psychological issues or chemical dependency issues that would impair her ability to function."
 2. "She does have a mild to moderate depression which would benefit from counseling, but I do not believe it would impair her ability to function as a nurse."
 3. "She clearly showed bad judgement in her decision to use someone else's urine. I think this was a spur of the moment decision and does raise some concerns about her judgement, but I do not believe it is at a level to impair her ability to function as a nurse."
10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
