6. On or about April 25, 2011, Respondent's license to practice professional nursing in the State of Texas was issued the sanction of REMEDIAL EDUCATION through an Agreed Order by the Board. A copy of the Agreed Order, including the Findings of Fact, Conclusions of Law and Order dated April 25, 2011, is attached and incorporated by reference as part of this Order.

7. At the time of the incident, Respondent was employed as a Nurse Anesthetist and Owner of Outpatient Anesthesia Management Services, Inc., Dallas, Texas, and had been in that position for four (4) years and seven (7) months.
8. On or about October 9, 2012, while employed as a Nurse Anesthetist and Owner of Outpatient Anesthesia Management Services, Inc., Dallas, Texas, and providing care at Heritage Eye Center, McKinney, Texas, Respondent incorrectly documented the time of post-operative assessment in the medical record of Patient Number 80942. Respondent administered anesthesia to the patient, and the documentation reflects that the post-operative assessment was completed prior to the procedure being started instead of afterwards. Respondent's conduct resulted in an inaccurate medical record and was likely to injure the patient in that subsequent care givers would not have accurate and complete information on which to base their care decisions.
9. In response to the incident in Finding of Fact Number Eight (8), Respondent states that he fully assessed the patient prior to the administration of anesthetics. Respondent states that he documented the anesthesia start time as 12:06 for the pre-anesthesia assessment, IV sedation was administered at 12:10 with the peribulbar block following in the same minute after determining the patient was sedated. Respondent states that the 12:06 time written on post-operative visit section of the form is incorrect and should have been 12:18. Respondent adds that this was the first time that he had worked at the facility and was unfamiliar with their individualized forms.
