His intelligence allows him to be extremely versatile, and his regards towards high quality is reflected in everything he does. Mr. Fields believes Petitioner is someone who would be a great asset to the field of nursing.
- 7.12. Letter of support from Stephanie Edmonds states she has known Petitioner for eighteen (18) years and is asking the Board to consider reinstating him in the field of nursing. BEFORE THE BOARD OF NURSE EXAMINERS
FOR THE STATE OF TEXAS

In the Matter of License Number 640083 § AGREED
issued to VANCE KOWALIK § ORDER

On this day, the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, accepted the voluntary surrender of License Number 640083, issued to VANCE KOWALIK, hereinafter referred to as Respondent. This action was taken in accordance with Section 301.453(c) of the Texas Occupations Code.

Respondent waived representation by counsel, informal conference and hearing, and agreed to the entry of this Order.

The Board makes the following Findings of Fact and Conclusions of Law.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was provided to Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree from San Antonio College, San Antonio, Texas, on March 1, 1997. Respondent was licensed to practice professional nursing in the State of Texas, on May 20, 1997.
5. Respondent's professional employment history includes:

4/97 - 8/97

GN/Staff Nurse
Med-Surg/Telemetry

Huguley Health System
Fort Worth, Texas

Respondent's professional employment history continued:

11/97-10/00	Staff Nurse Telemetry	Christus Santa Rosa Health Center San Antonio, Texas
1/01-4/01	Staff Nurse Telemetry	St. Lukes Baptist Hospital San Antonio, Texas
4/01-Present	Employment Unknown	

6. At the time of the incidents, Respondent was employed as a Staff Nurse in the Telemetry Unit of Christus Santa Rosa Health Center, San Antonio, Texas. Respondent had been in this position for two (2) years and eleven (11) months.
7. On or about October 13, 2000, while employed at Christus Santa Rosa Health Center, San Antonio, Texas, Respondent engaged in the intemperate use of Meperidine as evidenced by a positive drug screen for Meperidine. Possession of Meperidine is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of Meperidine by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
8. Respondent, while employed at Christus Santa Rosa Health Center, San Antonio, Texas, signed out Demerol on the controlled substance record for patients but failed to document the administration of Demerol on the Medication Administration Record (MAR), withdrew Demerol for patients without a physician's order, and failed to document the wastage of Demerol, as follows:

Date	Patient	Time	Order	Controlled Substance Record	Wastage	MAR

		0530	None	1 Demerol 25mg	None	Not Documented
		0645	None	2 Demerol 100mg	None	Not Documented

Respondent's conduct was likely to injure the patients in that subsequent care givers would rely on her documentation to further medicate the patients which could result in an overdose and the administration of Demerol without a physician's order could result in the patient suffering from respiratory depression. Respondent's conduct was also likely to deceive the pharmacy regarding the wastage and constitutes a violation of Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act).

9. The Board policy implementing Rule 213.29 in effect on the date of this Agreed Order provides discretion by the Executive Director for consideration of conditional reinstatement after proof of twelve (12) consecutive months of abstinence from alcohol and drugs followed by licensure limitations/stipulations and/or peer assistance program participation.
10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(9)&(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(3)(18)&(20).

4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against License Number 640083, heretofore issued to VANCE KOWALIK, including revocation of Respondent's professional license to practice nursing in the State of Texas.
